

COVID-19 RESPONSE

VIRTUAL CONSULTATIONS

Instead of meeting face to face, we will now set up a zoom meeting or conference call in which I can discuss your goals, what you're looking for in a home, and go over the home buying or selling process.

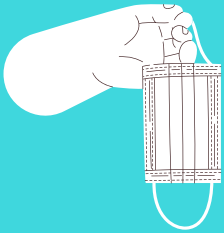

VIDEO TOURS

Stay at home and watch video tours of your favorite listings from a digital list of homes catered to your wants/needs.

10/2 SHOWING PROGRAM

Out of 10 video tours you pick your Top 2 to go see in person, thus reducing exposure for all!

SAFETY PRECAUTIONS

CDC guidelines will be followed. All parties will hand sanitize, wear gloves and shoe covers when entering homes. All knobs and surfaces will be wiped down before exiting home.

ELECTRONIC SIGNING

Once you find "the one", all signatures and documents will be electronically sent and signed by all parties.

VIRTUAL REVIEW OF INSPECTION

Your licensed home inspector will perform his inspection and go over his finding and review his detailed report with you virtually.

CURBSIDE/VIRTUAL CLOSING

Closing attorneys arrange virtual or even curbside closings to limit exposure of signing parties and finalize on the purchase of your new home!
